

# Outdoor Adventures

The **Outdoor Adventures** class is an introduction to the natural world.

The children will connect with the environment and investigate some basic concepts of science as they explore plants, birds, bugs and animals. They will develop their natural curiosity about the world through outdoor observation and hands on activities.

Children should dress for the afternoon weather – including sunscreen, appropriate footwear.

The session consists of 8 classes – Fridays, 12:45-1:30pm, March 20– May 15. Ages 3 and up.

We will not meet on April 10, due to Spring Break.

Cost per 8 class session is \$70, including materials. Please make checks payable to: Laura Brady
